Millbrook Homes
2255 Providence Highway
Walpole, MA 02081

Dear Millbrook Homes:

Many homeowners know how difficult it is to find good and honest contractors, but working with Millbrook Homes these past two years, has been positively refreshing compared to previous contracting experiences. From the first day my Mom and I walked into your office and sat down with Karen to talk through our ideas for an in-law addition, and right through the construction process, moving in and landscaping, it was an absolute pleasure to work with you.

I want to thank the entire construction crew (Cary, Dennis, Thomas, Mike F., Mike M., and the subs) for the wonderful job they did building the in-law apartment for my Mom. And even though at times I may not have been the easiest client, Cary, the owner, always took the time to listen to me, explain and always tried his best to accommodate my requests.

I want to specially thank Karen and Cary Orlandi for helping my Mom and I design a great in-law suite - my Mom loves her new private space, it turned out so much more beautiful than we ever expected.

All the best,
Sheila
